1. Discussion over Covid Concerns

The following was developed to be sent to the membership

We have been made aware, there have been recent four or more covid cases within the tennis community and we would strongly urge our players:

Not to play outside the park;

Not to have visitors to our park playing on our courts;

Not to have new arrivals or guests in the park participating in any organized tennis for the first 14 days.

If you are playing tennis we strongly urge you to follow the safety protocols already in place.

Please Be Safe.

**Respectfully submitted,
Becky Thompson**
